

Service, maintenance and repairs

We are here to ensure your lifts are always operating safely and efficiently.

At Morris Vermaport Ltd we pride ourselves on having a wide range of service schemes to suit your needs, both operationally and financially.

Whatever your lift servicing requirements, our professional and planned approach ensures that you can be confident with the solutions we provide. Depending on your service needs we will put you in touch with a specialist in that field. They will be your point of contact and will co-ordinate our professional team to assist your needs.

Flexible service schemes

Our flexible service schemes allow you to choose the service options that best fit your operational needs and budget.

Experienced engineers

Our experienced engineers complete intensive training programmes and achieve formal lift qualifications making them the best in the industry.

24/7 call-out and breakdown service

We offer a 24/7 call-out and breakdown service. Our phone lines are open 365 days a year.

Nationwide cover

We have teams based around the UK to ensure we are never very far.

LOLER inspections

LOLER requires that lifts provided for use in work activities are regularly examined. We can service your lifts accordingly and provide the inspections.

Cover for all lifts

We will not only look after our own Morris Vermaport lifts, we will also service and repair lifts from any manufacturer.

Emergency call-outs and breakdowns

Morris Vermaport offers a 24/7 call-out and breakdown service. Our phone lines are open 365 days a year.

In the event of a lift breakdown or lift entrapment you can call our office and arrange for a service engineer to attend your site as soon as possible.

Our service engineers carry spare parts to be able to offer an immediate solution wherever possible.

Planned repairs and maintenance

Morris Vermaport has dedicated repair and maintenance teams based across the UK, so we are never very far away.

Whether your lift is broken down, unreliable or requires work following an insurance inspection (LOLER) we can help.

Our experienced engineers can complete a thorough survey to assess the safety and performance of your lift. Following their visit our engineer will provide you with a detailed report covering their findings, including health and safety and compliance input. They will also make recommendations.

We will repair any lift. Even if you may already have a lift service provider, we welcome the opportunity to speak to you and provide you with an alternative quote.

Lifting Operations and Lifting Equipment Regulations 1998 (LOLER)

Regulation 9 of the Lifting Operations and Lifting Equipment Regulations 1998 (LOLER) requires that all lifts provided for use in work activities are thoroughly examined by a competent person at regular intervals. This applies to lifts and hoists used to lift people or loads.

We can ensure you are fulfilling your legal responsibilities. Talk to us today about your lift requirements.

Flexible service schemes

Every lift needs to be inspected and serviced regularly. Avoid any hassle and let us handle all your lift needs.

We offer a range of service contracts tailored to your needs and budget.

Call our service team on 0115 973 7500 or email service@mvlifts.co.uk to see what we can do for you.
