

# Vermaport®

Cart Conveyors

## Vermaport® Cart Conveyors, over 40 years of assisting people navigate multi-level retail environments.

The Vermaport® is designed for use in primarily but not exclusively multi-level retail environments. It offers a trusted, simple and effective solution for in-store vertical transportation. It can be used in parallel and adjacent to an escalator or stairs without the need of supervision or direction from in store personnel.

The cart or trolley is simply inserted into the Vermaport®, in either the up or down direction, while the customer travels on an adjacent escalator or stairs. Upon arrival at the next level, the customer retrieves the cart and is thereby able to navigate the entire store, floor-to-floor, without any interruption of their shopping experience.

A range of over 30 carts have been pre-approved for the Vermaport®.

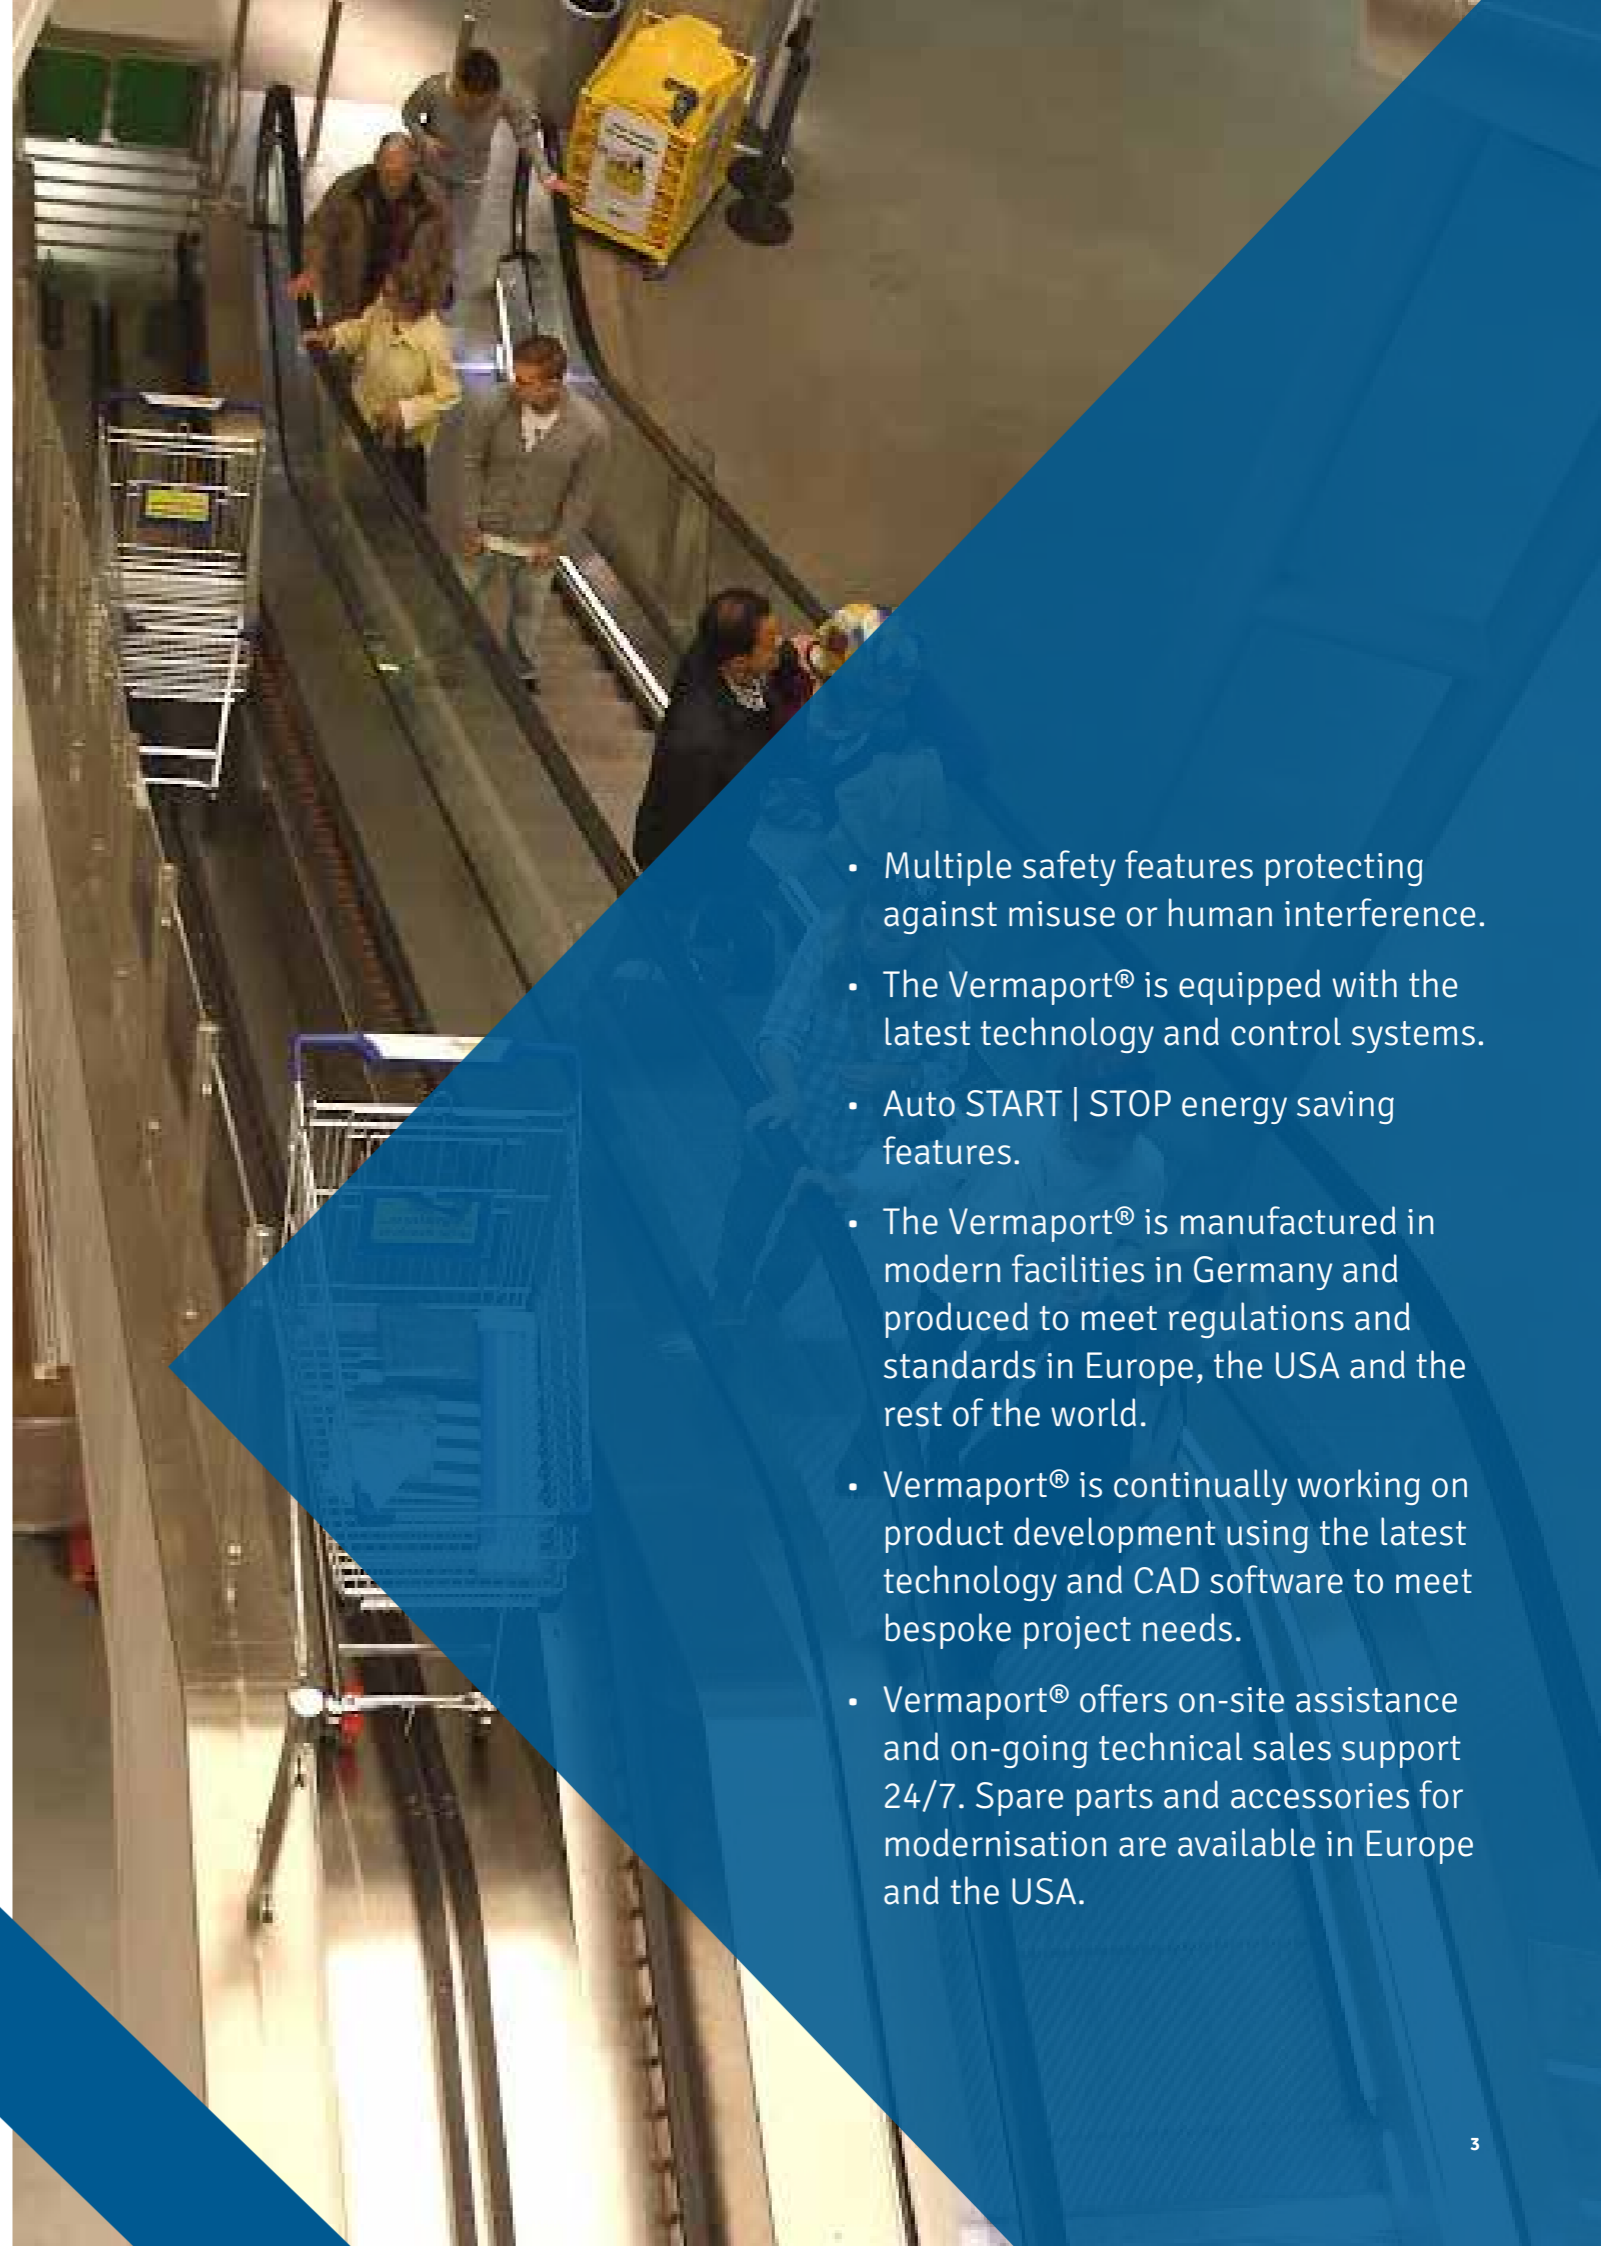

There are currently more than 450 units throughout the world located in more than 40 countries.

Some of the existing clients already benefitting from Vermaport Cart Conveyors:

IKEA, Whole Foods, Carrefour, Target, Bed Bath & Beyond, Kmart, Alpha Mega, Toys R Us.

The Vermaport® saves valuable retail space and minimises levels of investment required when looking for vertical transportation solutions. A single Vermaport can transport up to 800 carts per hour, compared to 5 x 16 person lifts to move the same amount.

- Multiple safety features protecting against misuse or human interference.
- The Vermaport® is equipped with the latest technology and control systems.
- Auto START | STOP energy saving features.
- The Vermaport® is manufactured in modern facilities in Germany and produced to meet regulations and standards in Europe, the USA and the rest of the world.
- Vermaport® is continually working on product development using the latest technology and CAD software to meet bespoke project needs.
- Vermaport® offers on-site assistance and on-going technical sales support 24/7. Spare parts and accessories for modernisation are available in Europe and the USA.

**Also available in the Vermaport® range:**
